

Grades of Essential Oils

Natural/Food Grade - NOT Therapeutic Grade

- Natural (organic) and Certified Oils, may be organic but not 100% pure essential oils
- Pass Oil-Standard Tests but may contain no or very few therapeutic medicinal compounds
- Ability to have chemicals in them
- Can NOT ingest internally
- Only brokers of oils (do not grow, test, bottle nor distribute themselves).

Perfume / Fragrance Grade

- No natural medicinal compounds
- Contains synthetic materials, solvents and chemicals
- Not to be used internally, or topically or diffusing.

Therapeutic Grade Oils (Young Living)

- Safe for Internal Use
- Pure & Unadulterated.
- No artificial ingredients, fillers, fragrances, additives, pesticides, synthetics or chemicals
- Steam distilled at a Young Living owned farm at the correct time & temperature to naturally capture all possible medicinal natural compounds
- After becoming a member, your sponsor will train you on how to use your oils properly

100% Pure Essential Oils

- Contains ONLY 27% Essential Oil
- Found in Health Food Stores
- Contain Synthetic Chemicals
- Contain Synthetic Extenders
- Made in a Laboratory
